# SEE VERSATILITY IN A NEW LIGHT

## CANON RAYO S1 MINI PROJECTOR

Canon Singapore Pte Ltd

## MOBILITY AND POWER

The compact size and in-built battery that lasts up to 120 minutes make the RAYO S1 an excellent choice for presenting or playing movies on the go.

With brightness of 100 lumens and an optimum projection of up to 84-inches, the RAYO S1 delivers superior projection quality - far beyond what you'd expect from any mini projector.

## INTUITIVE SYSTEM

Interact with the RAYO S1's Android OS interface via touchpad. WiFi and bluetooth connectivity allows you to connect instantly and wirelessly to the Internet, smart devices and audio sources.

## IMPRESSIVE AUDIO

Host conference calls with business associates or loved ones. The RAYO S1 provides exceptional mono sound with woofer so you won't have to lug around additional speakers.

## STORAGE CAPABILITIES

Important documents? Fun videos? With 4GB capacity you can store it all. You can also use RAYO S1 to charge your devices with its 3800mAh powerbank feature.

## ERGONOMIC DESIGN

A head-turner with its sophisticated styling with titan silver highlights, the RAYO S1 is slim, portable and lightweight at just 235g.

Tripod not included with purchase of the RAYO S1
